

WV Real Estate
Commission

Memo

To: General Public
From: WVREC
Date: 02/03/2017
Re: IMPORTANT UPDATE- There will be **NO** exam in March!!!!!!

This change will not affect the current process in place, except for the testing. All candidates shall continue to submit to the Commission a fully completed application, along with a \$25 application fee, certificate of education completion, and criminal background check report.

The Commission will determine eligibility and notify PSI (testing company), about the candidates who are eligible to test. ***PSI will notify the candidates on how they can schedule for testing.***

There will be 5 locations available for testing: Charleston (Dunbar), Beckley, Bridgeport, Hagerstown, MD, and Pittsburgh, PA. It is anticipated that testing will resume on April 10, 2017. Meanwhile, the Commission will continue to collect and review applications in preparation for April testing.

We believe the change to an on-line examination provider is long overdue, and will be a huge improvement in the process of becoming licensed in WV. As a Commission, we have made it a priority to improve our processes in order to better serve the public!
